# Seat Belt Easy Reach (PR05295)

<https://ilcaustralia.org.au/products/5295>

A plastic seat belt reacher that clips onto most lap sash seat belts. It reduces the reach required to pull the seat belt across the torso. Useful for people with restricted arm and shoulder movement. Simple and portable it clips onto most lap sash belts to reduce arm and shoulder strain when pulling belt across body. May be suitable for people with arthritis or shoulder pain.

## Maintenance

Refer to the supplier and manufacturer manual for maintenance instructions and safety warnings.

## Standards

Some assistive technology needs to meet Australian or other standards. Standards may relate to materials, manufacturing, and installation. Products that meet Australian or international standards will have written certification. To find out if a product meets Australian Standards ask the supplier to show you the certificate. For more information about standards see [http://www.ilcaustralia.org.au/Using\\_Assistive\\_Technology/standards\\_regulation](http://www.ilcaustralia.org.au/Using_Assistive_Technology/standards_regulation)
